Student Access

Your students can register for and access your course once you set it up. To get access to CompClass, your students have two options:

1. If you have ordered CompClass access cards, stand-alone or packaged with a book, your students can purchase them through the campus bookstore.
2. They can purchase access to CompClass directly from our Web site.

We can provide you with an electronic handout/syllabus insert and PowerPoint slides to help you explain the registration process to your students. We've also included the directions for each option below.
