

This text is highlighted in yellow. If you see this text and the yellow highlighting on it, you have the correct version of Adobe Acrobat Reader installed and the correct browser settings.

Above you should see a paragraph of text highlighted in yellow. If you see yellow highlighting but no text, you have an older version of Acrobat Reader installed and need to install Acrobat Reader 6 or later.

**Mac Users:** If you are using Mac OS X and you see text but no highlighting in the paragraph at the top of this page, your browser is probably opening PDF files in Preview rather than Acrobat Reader. You need to set your browser to open PDF documents in Acrobat Reader. Refer to the System Check page for instructions on how to do this.
